GULF & WEST ASIA: REIMAGINING BUSINESS BEYOND OIL
TIME: 1045 - 1245 HRS (IST) / 0515 - 0715 HRS (GMT)

HIGHLIGHTS

- Major economies of Middle East look at India as an opportunity for collaborations in New Emerging Technologies, especially in ICT, consultancy, fin-tech, logistics, edutech, healthtech and high end digital solutions.
- India offers great investment opportunity to sovereign wealth funds in projects offered under Aatmanirbhar Bharat, which provides a vision of India's plans to become a \$5 trillion economy. These funds need to look beyond portfolio investments.
- Gulf & West Asia should collaborate with Indian start-ups and offer innovative technology and solutions.

Director
Entrepreneurship & Innovation
Ministry of Investment, Saudi Arabia

Mr. Dilip Chenoy
Secretary General, FICCI
India

SOUTH ASIA: REIMAGINING NEIGHBORHOOD ECONOMIC INTEGRATION
TIME: 1345 - 1545 hrs (IST) / 0815 - 1015 hrs (GMT)

HIGHLIGHTS

- South Asia must reimagine regional economic co-operation and integration by taking leadership in creating fresh South Asian value chains and tap deeply into existing value networks. The focus should be creating a calibrated and systematic strategy of engagement with neighbours to create successful partnerships.
- India prioritises Neighbourhood First Policy but there is a need for creating a power pool where the countries cooperate for subregional connectivity by rail, road and air through motor vehicle and railway agreements. Also integrating energy and power grids.
- South Asia must learn to be pragmatic in its approach to regional groupings like SAARC, BIMSTEC, BBIN. In order to maximize opportunities within the region, the countries should ease commuting between countries, have common labour regulations, increase intra- regional ease of business, information management system, credit risk policy & direct exchange of currency.

LATIN AMERICA & CARIBBEAN: REIMAGINING DISTANCES
TIME: 1815 - 2015 hrs (IST) / 1245 - 1445 hrs (GMT)

HIGHLIGHTS

- Joint Collaborations in the field of Chemical and Fertilisers especially Alternate Fertilisers "Nano Fertilisers". Pharmaceuticals is other big opportunity in view of India's acceptance globally including US and Europe, especially after it's support to over 120 countries during this pandemic.
- More people-to-people and cultural exchange programmes will significantly bridge distances and promote India LAC economic relations.
- The barrier of distance between regions can be shortened by the extensive and mindful use of Technology and digitisation, which is an opportunity for India.
